

## Sheraton Pittsburgh Hotel at Station Square

### **POWER GRID FAILURE:**

In the case of Power Grid Failure, Hotel's emergency generator will run lighting and power to front desk. Our Front Desk runs hourly downtime reports for a full list of guests checked and room numbers currently in house. Our Front Desk is equipped with emergency guestroom keys to all guestrooms in case of Key Reader Failure.

### **WEATHER:**

In case of weather related Emergency, Outside furniture will be secured, and all guests will be moved to location without windows (Grand Station Ballroom).

### **MUSTER Area:**

In case of emergency, all hotel guests will meet at ABM Parking Garage across the street from Sheraton Pittsburgh Hotel entrance. The address of this parking garage is 301 W. Carson Street, Pittsburgh, PA 15219

### **AED Equipment:**

The Sheraton Pittsburgh Hotel at Station Square is equipped with (2) AED machines. They are located under the stairwell by our Front Desk, and in our fitness center located inside of our pool.

### **FIRE EXTINGUISHERS:**

Our Fire extinguishers are located in our Banquet and Restaurant Kitchens, our loading Dock, and the west Wing Corridor. Our Lobby is also equipped with a full pipeline sprinkler system in case of emergency.

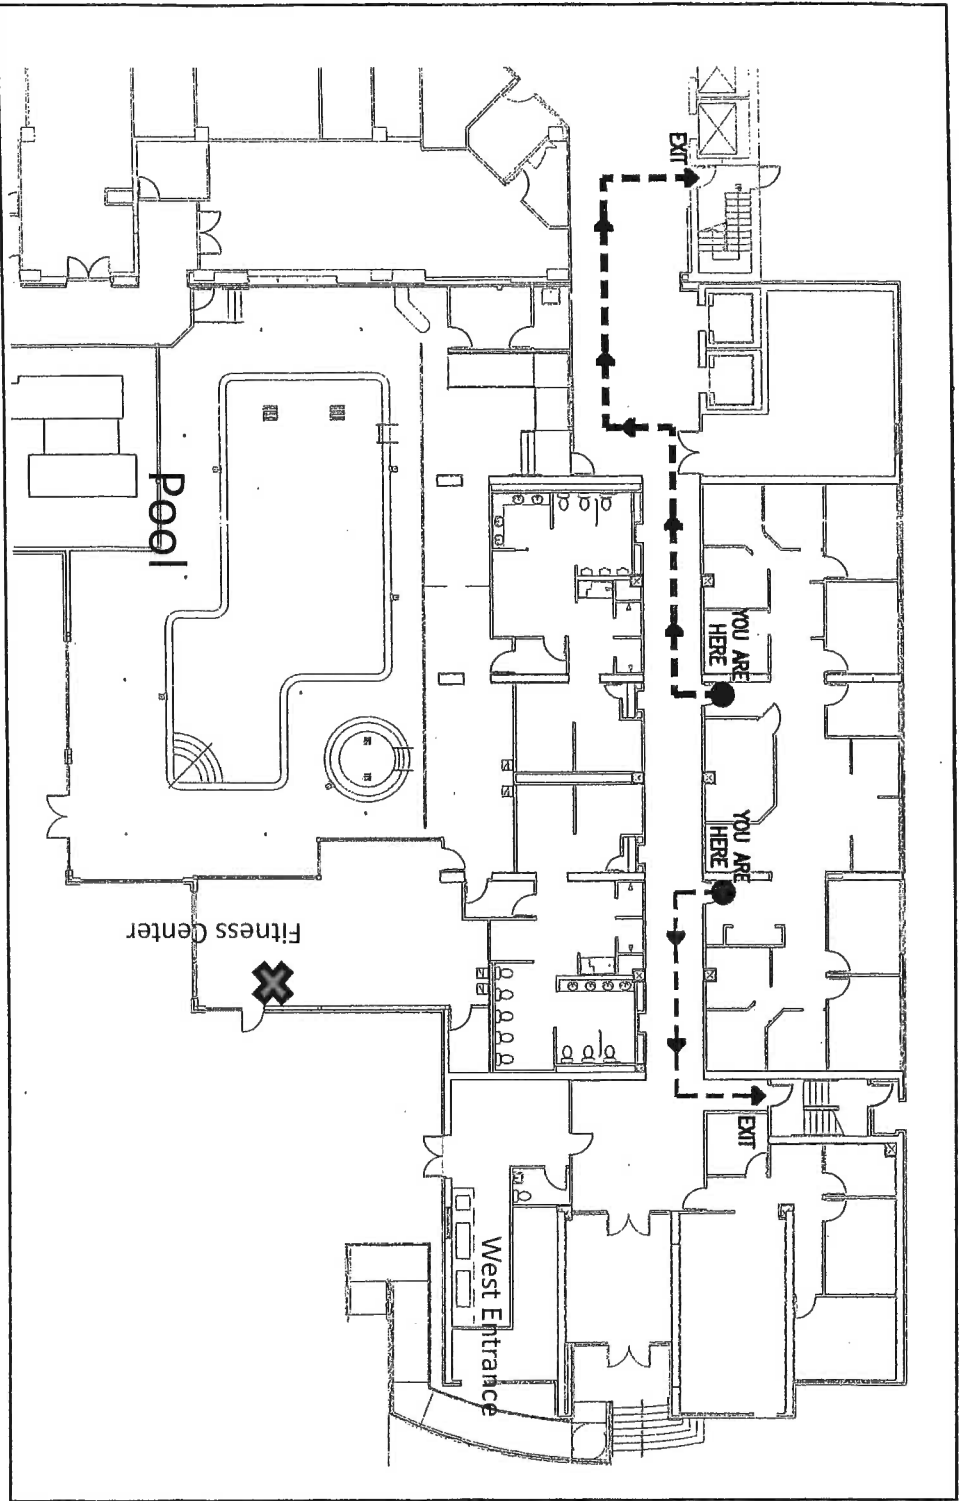

In case of fire, an alarm will sound along with blinking strobe lights to alert guests of an emergency. Guests will follow illuminated exit signs to nearest exit. Please do not use elevators. Exits are located on all sides of the building. Guests will use the exit closest to them. Guests are to gather at the parking garage across the street from hotel.

### **EVACUATION PLAN:**

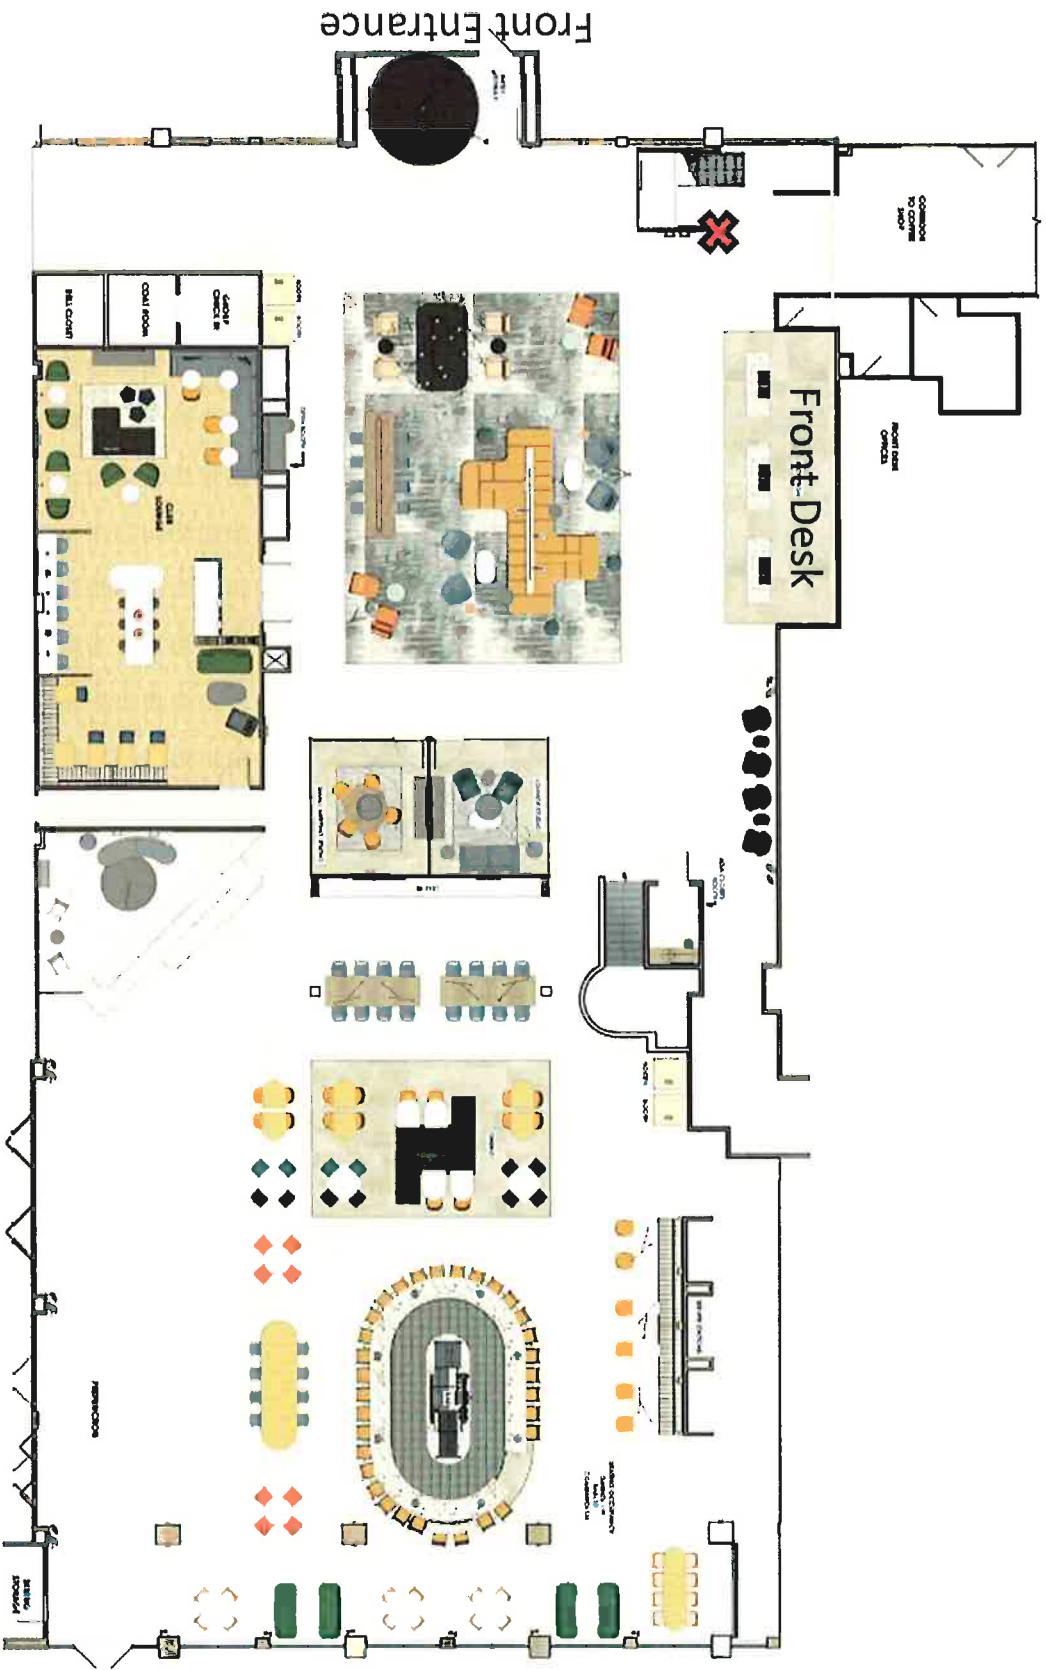

In the event of an emergency, please do not use elevators. Locate nearest Stairwell. Exits will be clearly marked with Red Exit Sign. Hotel First Floor has multiple exits available including our front entrance, west entrance, Stairwell Exits, Pool, Fitness Center, Corridor Exits, and Ballroom Exits.
